EXPERIENCE

Content Moderator Intern (Remote) - Innovitica Pvt. Ltd

Jan 2025 - Aug 2025

New Delhi, India

Internship

- Monitored and moderated digital content to ensure it followed company policies and community guidelines.
- Showed strong problem-solving skills and attention to detail in daily moderation tasks.
- Worked with different teams to improve user safety and community engagement.

Full-Stack Developer Intern (Remote) - Astraeus Next Gen

Jan 2025 - Apr 2025

Pune, India

Internship

- Developed responsive web applications using HTML5, Tailwind CSS, and React.js to ensure good performance across devices.
- Gained practical experience in front-end and back-end development processes.
- Used AI tools to simplify coding, debugging, and content generation tasks.

PROJECTS

Shikley — MongoDB, Express.js, React.js, Node.js, SQL

- Designed and developed a full-stack web application using the MERN Stack with a SQL database to manage data efficiently.
- Implemented secure user authentication, role-based access control, and interactive dashboards for a smooth user experience.
- Developed real-time features including notifications, dynamic content updates, and data analytics visualization.
- Improved performance and ensured a mobile-responsive design across different devices and browsers.

MediMage — React, Node.js, Express, MongoDB, Tailwind CSS

- Built a full-stack doctor appointment system that allows patients to book, update, and cancel appointments easily.
- Implemented secure authentication for patients and doctors to ensure safe login and signup.
- Enhanced user experience with responsive front-end design and intuitive UI components across devices.
- Developed appointment management features with real-time slot availability and smooth scheduling for doctors.

ACHIEVEMENTS

- **Blender Training Completion** – IIT Bombay
- **HTML & CSS Certification** – Great Learning
- **Python Development Certification** – CodeClause
- **Digital Productivity Certification** – NIIT Foundation
